Date: 18-10-2026

Place/Platform: Discord / Online **Time:** 18:30 - 20:00

Participants - Bernardo Santos - Dinis Sousa - Duarte Candeias - Pedro Gonçalves

---

1. Meeting Objective

To align the team, divide tasks and further develop the system architecture.

2. Discussion and Decisions

Topic 1: Agenda

1. Team Alignment
2. Updated Architecture
3. Task Division

Topic 2: Updated Architecture

- The team worked on the idea of the updated system architecture

Topic 3: Task Division

- It was decided to better separate the tasks after the meeting with the supervisor
- The goal is to understand in more depth what must be delivered and how to approach each of the points required for the next milestone

---

3. Action Items

Task	Owner	Deadline
Clarify next milestone deliverables with the supervisor	All	Supervisor meeting
Define detailed task division	All	After supervisor meeting
